KOREA GAME ZONE

AMOA International EXPO 2001

KESA

Korea Entertainment System Industry Association

Greetings

I am so glad that I could meet you here!

KESA(**K**orea **E**ntertainment **S**ystem Industry **A**ssociation) will participate in exhibit for AMOA International EXPO 2001 which will be held at Las Vegas, Nevada, U.S.A., from Oct. 4 to Oct. 6 this year.

Founded in 1995 affiliated with the Ministry of Information and Communication for the sake of promotion of Korean game industry, **KESA** is the game organization which has been exerting its effort toward the globalization of Korean game industry by conducting and holding statistic survey of game industry, research project, exhibition project, and diversifying seminars.

10 outstanding Korean game companies aim to display the superiority of Korean game industry by participating in **AMOA** International EXPO2001.

The Korean games are maintaining the splendid summit over the entire genre of Arcade, PC and On-line games, etc., and I am sure that the Korean games accumulated by the everlasting cultural legacy of 5,000 years of history will convey their mystery to you.

I hope that the diversifying games of **"Korea Game Zone"** would serve as a good link assisting the success of your businesses.

I sincerely look forward to your much interest and enthusiastic viewing!

Thank you!

October 2001

KESA Chairman **Young-Hwa Park**

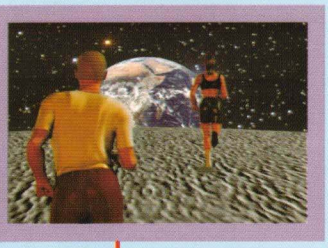
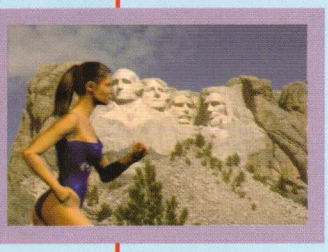
CyRun®

***Cyrun**, the product that combines virtual reality and treadmill, is a virtual reality application, which let us exercise on treadmill with the interactive display of 3D avatar and computer-generated image(CGI) or real landscape image for adding competition element and fun factor.*
***While running**, you can take the various running course for **Game**, **Sightseeing**, **Exercise** and **Internet surfing**.*
It is the revolutionary invention of fitness style for the new millennium.



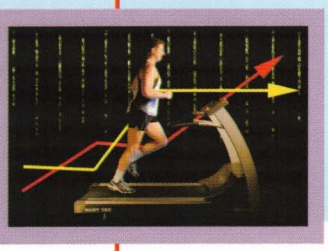
Game package : Cyber Virtual world + Avatar

Wouldn't you like to jog in the Jurassic Park?
How about jogging on the moon?
Jogging with strangers in a place nobody has ever visited and imagined before!
CyRun provides you with the newest feeling by experiencing all the environments you can imagine through cyber space!
That is what we call the 21st century exercise way.



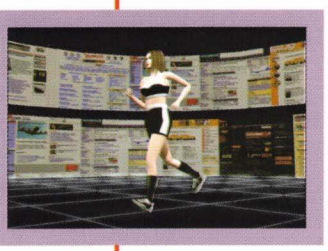
Sightseeing Package : Real Image + Avatar

Would you enjoy jogging in Central Park or Hawaii?
CyRun will provide all the desires you can imagine!
Enjoy jogging in world of famous sightseeing resorts without spending any money
These real images, which are controlled by your desired running speed, are enough to travel the famous sightseeing sites; Paris , Rome, Seoul, London, Cairo and etc.



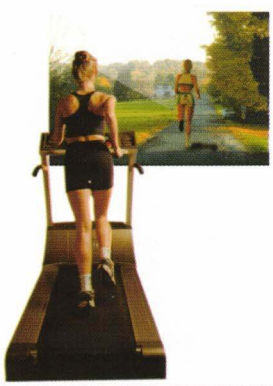
Exercise and Cyber Marathon Package : Image + Avatar

Have you ever wanted to run whole an Olympic marathon course?
Experience fantastic feelings by cutting finish tape in a marathon with CyRun!
CyRun helps every athlete control and develop stamina by adapting to the real course easily.
Exercise according to the program you set up.
Also you can check your accomplishment with various programs that have been set up professionally.



Internet Navigation Service : Customized Internet Browser

Are you still watching TV to get the information on stocks, news and weather forecast in arm chair?
Why don't you get the information you want in large screen, while running?
Which site do you want this morning? Just jump on it and surf in the internet at anytime by one set up.



Software Features

- Various avatar and the animation of running motion
- Various program to promote the exercise
- Scientific analysis reporting for health cares
- Multi players and competition for interactive game
- Various camera angle for exciting animation
- Realistic virtual world for immersion

Hardware Spec.

- Treadmill with communication channel (ex: RS232C)
- Control Box with graphic acceleration board (ex: Pentium III PC)
- Display device (ex: Monitor, TV or LCD projector)

Details of Roller Coaster

Want to hold an auction?
How about an arcade game that will invite you to a world of auctions?
Feel the ecstasy with Roller Coaster!

Roller Coaster will improve your business and fulfill your dreams of success!
This is the first game ever to be conducted by auctions, so give it a chance and discover the opportunities that will arise.
Every person will love it, guaranteed!

The Game talks!
Let it rock your shop.

Enjoy the ride...

Description

1. After inserting coins, the player selects an article for sale at the auction. The articles have their own price, which will be the player's target.
2. The number table on the round plate represents money. While it spins around, the player has 3 chances to get a number (price). Each chance gives him a price with '–' denoting zero, and the sum of the 3 prices become the player's total.
3. If the total is more than the original price of the article, the player wins the article as a prize. If not, the game is over.

Features

1. The sum of the 3 turns is set to be slightly lower than the target number so that players will play again and again in order to win the prize.
2. It is designed to let the player choose the prize. The prize is packed in a small cart so that the player can watch his article rolling down on the rail.

Specifications

1.Size : W850mm x D1100mm x H1940mm
(Screen height : 745mm)
2.Weight : 145 Kg
3.Current : AC 220V 50/60Hz
4.Watt : 87W
5.Number of Players : 1 person (60seconds /player)
6.Number of Giveaway : 15 articles
7.Capsule Used : Roller Coaster Exclusive Capsule
(W64mm x D141mm x H88mm)
8.Odds : Software Controlled (Random)

Chibe Pocket (Mini Crane)

The Next generation of "Crane Game!!"
All others are obsolete!!

Point of entrance décor for Arcades...
Simple and comforting appearance
Half the size of traditional crane games
= increased revenu

Specifications

1) Weight : 50Kg
2) Currents : 220V
3) Number of Players : 1 person
4) Number of Prizes : 15 ~ 20 articles
5) Odds of Succeeding : Software controlled

How to play

1) Insert coin and control the crane using the left and right buttons. Select one of the prize under the crane.
2) Grab the prize with crane and drop it over the prize trap door. Succeed and win the prize.
3) If the prize drops before reaching the door, the game is over.

Game Features

Redesign of single player Crane Game
Simple design and small sized crane

Pang Pang Degle Degle

Got stress ?

Why don't you take some balloons and burst them ?

When the balloon pops, beads will fall out, roll around and give you prizes by falling into holes~

Specifications

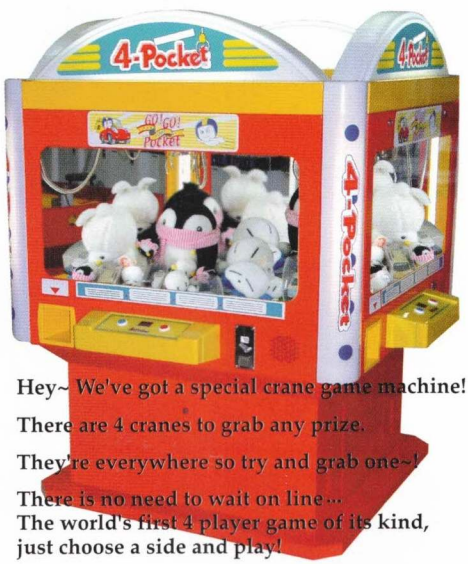
1. Size : W700mm x D826mm x H1826mm
2. Weight : 120 kg
3. Current : AC 220V 50/60Hz
4. Watt : 87W
5. Number of Players : 1 person
6. Number of Prizes : 15~20 articles
7. Odds of Succeeding : Software controlled

How to Play

1. Insert the coin and using the joystick, move the needle to the top of a balloon.
2. Let the needle drop.
3. If the balloon bursts, the beads will fall through the floor onto a pinball like lower level and eventually reach the holes (A,B,C). The player wins a prize according to the hole the ball fall in and wins as many prizes as balls that fall into a hole. But, if the balloon doesn't burst, or the beads don't fall into any of the holes, the game is over.

What's Special

1. The act of bursting the balloons is fun.
2. Degle Degle can be considered as two games in one.



Hey~ We've got a special crane game machine!

There are 4 cranes to grab any prize.

They're everywhere so try and grab one~!

There is no need to wait on line…
The world's first 4 player game of its kind, just choose a side and play!

You can collect prizes from 4 differents sides at once on the same machine!!

4-Pocket

Specifications

1. Size : W1400mm x D1400mm x H1600mm
2. Weight : 110kg
3. Current : AC 220V 50/60Hz
4. Watt : 87W
5. Number of Players : 1~4 persons
6. Number of Prizes : 100~120 articles
7. Odds of Succeeding : Software controlled

How to Play

1. Insert coins and move the legs of the crane using both the left and right buttons. Then, choose one of the articles and stop over it.
2. Let the legs of the crane go down and try and pick up one of the articles. Then, carry the article over to the exit and drop it into wins it as a prize.
3. If the player fails to grab the article, the game is over.
4. Similar to current crane games, but this game allows 4 players to play at once, competing for the best prizes.

What's Special

4-Pocket allows 4 people to play the game at the same time, making it the first such game of its kind.

Next Generation Dance Simulation Arcade Game

NGG ENTERTAINMENT

Dance Station 3DDX

Name valued dancing simulation arcade game machines are played by only pushing step pads. And new updated dance game machines have a few infrared sensors for detecting movement of play ' s hands at front side.

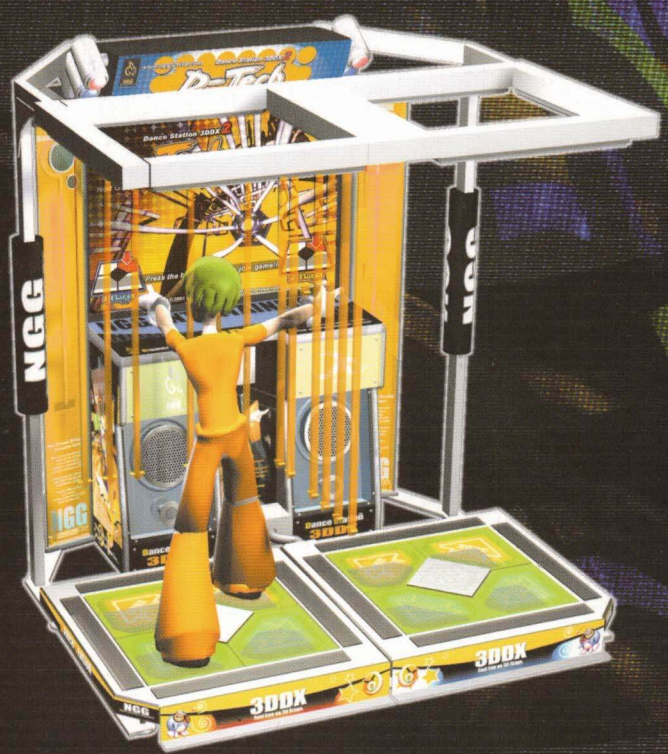
But now, our Dance Station 3DDX has 4 sensors for step pushing, and 4 way module sensors for detecting the upper space to each pad edges. Any motions are available on 3D stage. So, you can perform the real ' Dancing ' on NGG Dance Station 3DDX.

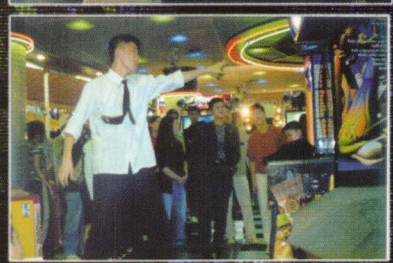
High quality sound system makes you feel vibration. Most of dance machine uses 2 main speakers, but we added 4 additional upper speakers. Dynamic sound system will satisfy your ears.

We takes a pride in Graphics technology. Advanced 3D graphics technology and wide, highly cleared super VGA monitor (dual scanning projection) will give you new experience.

Update is available through changing the Compact Disc to the new one in the game machine.This means it can fit to the player's taste as soon as possible.

Cute alien characters, 'Chany' & 'Jiny' came to the Earth. Their aims are to let the people know enjoyment of dance, and to give freedom from restriction in the material civilization.





Next Generation Dance Simulation Game

NGG
ENTERTAINMENT

New technology arcade game
